Each jurisdiction has its own rules for defining tax residence. In general, tax residence is the country in which you live. The country/countries in which you pay income tax could be your country/countries of tax residence. For more information on tax residence, please consult your tax adviser or the information at the following link at <http://www.oecd.org/tax/automatic-exchange/crs-implementation-and-assistance/> respectively.

If your tax residence is located outside of the country in which this account is maintained, we may be legally obliged to pass on the information in this form and other financial information with respect to your financial accounts to the tax authorities in the country where the financial institution is located and they may exchange this information with tax authorities of another jurisdiction or jurisdictions pursuant to intergovernmental agreements to exchange financial account information.

This form will remain valid unless there is a change in circumstance relating to your tax status. You must notify us within 30 days if there is a change in circumstance that makes any of the information provided in this form incorrect or incomplete and provide an updated Controlling Person Tax Residency Self-Certification form.

Control	<p>"Control" over an Entity is generally exercised by the natural person(s) who ultimately has a controlling ownership interest (typically on the basis of a certain percentage (e.g. 25%)) in the Entity. Where no natural person(s) exercises control through ownership interests, the Controlling Person(s) of the Entity will be the natural person(s) who exercises control of the Entity through other means. Where no natural person(s) is/are identified as exercising control of the Entity through ownership interests, then under the CRS the Reportable Person is deemed to be the natural person who hold the position of senior managing official.</p>
Controlling Person(s)	<p>"Controlling Persons" are the natural person(s) who exercise control over an Entity.</p> <p>Where that Entity is treated as a Passive Non-Financial Entity ("Passive NFE") then a Financial Institution is required to determine whether or not these Controlling Persons are Reportable Persons. This definition corresponds to the term "beneficial owner" described in Recommendation 10 and the Interpretative Note on Recommendation 10 of the Financial Action Task Force Recommendations (as adopted in February 2012).</p>

	<p>In the case of a trust, the Controlling Person(s) are the settlor(s), the trustee(s), the protector(s) (if any), the beneficiary(ies) or class(es) of beneficiaries, or any other natural person(s) exercising ultimate effective control over the trust (including through a chain of control or ownership). Under the CRS the settlor(s), the trustee(s), the protector(s) (if any), and the beneficiary(ies) or class(es) of beneficiaries, are always treated as Controlling Persons of a trust, regardless of whether or not any of them exercises control over the activities of the trust.</p> <p>Where the settlor(s) of a trust is an Entity then the CRS requires Financial Institutions to also identify the Controlling Persons of the settlor(s) and when required report them as Controlling Persons of the trust.</p> <p>In the case of a legal arrangement other than a trust, "Controlling Person(s) means persons in equivalent or similar positions.</p>
